I have a company car allowance and am looking to buy a [used BMW 3 Series](#) . I have seen a used BMW 3 Series Coupe for sale at Big Motoring World in Kent, which is a 320D in Black metallic with automatic transmission and cruise control. I need to part exchange my 1 Series and get something with more space. I am not sure what the current settlement figure is on the outstanding car finance agreement but hopefully this car dealer will give me a fair price and enable me to use any equity as a deposit on my next car.
