Some car buyers in East Anglia have a poor credit rating but require [used car finance Norfolk](#). It is important not to enter into any car finance agreement if you may not be able to keep you with the monthly repayments. There are some car supermarkets, such as Stebbings Kings Lynn, who have fully qualified vehicle finance Business Managers who can advise you on the best car loans to consider, best interest rates and are fully regulated by the Financial Services Authority. I would definitely contact them for used car finance Norfolk.
